DEVBHOOMI TEMPLE FLOWERS REPROCCSSING PROJECT

Doc. No. DTFRPL\SP	Issue No. - 01	Revision No. - 00	Date -

Safety Policy

The company is committed to providing and maintaining a safe and healthy work environment by establishing safe operating procedures and practices that protect employees from ill health and injury. We are also committed to conserving resources and continually improving our processes and activities to minimize our environmental impacts, prevent pollution, and protect the environment.

To achieve this, we:

- Maintain an effective safety management system.
- Provide regular training and education to our employees on safety norms.
- Ensure that each of our production unit is designed and constructed with utmost care for environmental and employee safety, providing a safe infrastructure for our employees.
- Conduct continuous safety inspections at all locations to identify and correct deviations from rules and regulations as soon as possible.
